Neighbourhood:

The area near a house is called its neighbourhood.

OR

Many families living in the same area form a neighbourhood.

A neighbourhood has:

Shops: We buy things from shops.	**Houses:** We live in a house.
Masjid: We offer prayer in a masjids.	**School:** We study in a school.
Parks / Playgrounds: We play in parks.	**Streets:** Streets are paths.

Pictorial map:

Picture showing different places in a neighbourhood. This is called pictorial map.

Such as:

|	
❖ Police station	❖ Fire station
❖ Post office	❖ Hospital
❖ School	❖ Library
❖ Library	❖ Homes
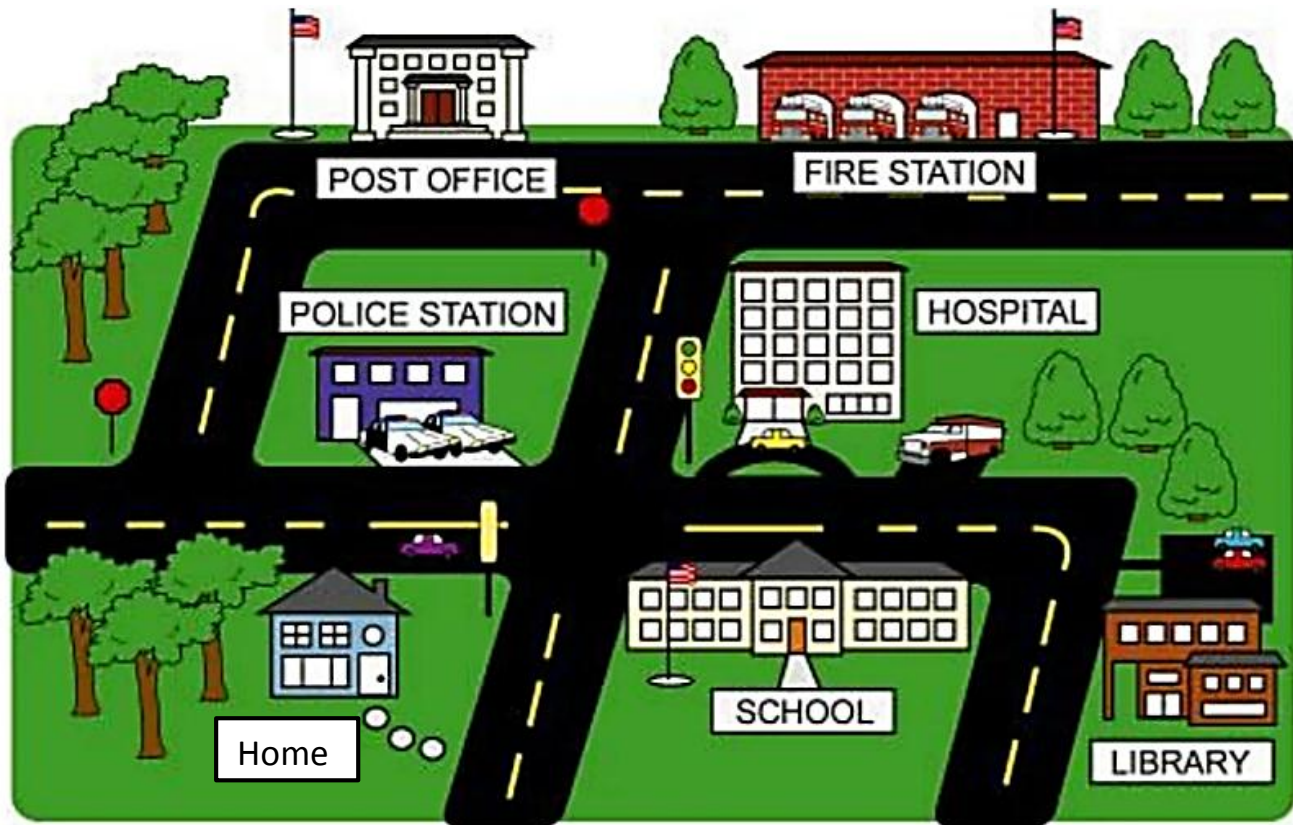

My house:

This my house. It has a bed room, a dining room, a bathroom and a kitchen.

Neighbours

People who live near our houses are called neighbours.

Different types of houses:

Different people live in different kinds of houses.

❖ Some houses are big and broad. Such as **bungalows**.

Some houses are made of mud, called **mud houses**.	Some houses are small. They are called **apartments**.

Keeping your neighbourhood clean:

We should keep our neighbourhood clean. To keep it clean follow these rule:

- ❖ Do not throw rubbish outside.
- ❖ Do not keep things untidy.
- ❖ Plant trees.
- ❖ Do not throw waste in front of other's house.
- ❖ Pick up rubbish and throw it in a dustbin.
- ❖ Do not spit here and there.

> **Students' Learning Outcomes**
>
> Identify what makes a neighbourhood clean or dirty.
>
> Understand and practice the idea of keeping their homes and neighoburhoods clean.
